THE BRITISH RADIO LEGEND ARRIVES FOR COORS LIGHT SNOWBOMBING CANADA TONIGHT!

There isn't much more that can be said about the living legend that is Pete Tong... But we're gonna try! We're absolutely stoked to be welcoming BBC1 Radio Legend Pete Tong to CLSBC17 tonight, as the pioneering British Disc Jockey touches down in Sun Peaks for the very first time. Fresh from his critically acclaimed Ibiza Classics tour with the Heritage Orchestra, Pete's profile has never been bigger and we're beside ourselves with anticipation to see what he brings to the dance tonight inside Underground, our imposing and awesome late night dance den that just screams PAAAARTAY. With low slung lighting and a wide dance floor to get lost in, we're sure this is going to be the spot you return to time and time again...

GWONNA BE LIT AF PEOPLE

Nothing but the best cuts of fresh 4x4 beats, served to you through our ear bleedingly good sound system... Trust us, this is going to be off the hook! Joining Pete in Underground are the Boston based musical maestros Soul Clap. With a highly unique fusion of soulful house melodies, funk and disco re-edits, it's fair to say Soul Clap are the ideal festival booking. Feel good tunes delivered in quick-fire chunks... What's not to love? Soul Clap mixes are a thing of beauty and their DJ sets are renowned worldwide for their energy and joy... So get yourself down early! FLAMINGO CRAZY FOR OLIVER AND THAT'S HOW YOU OPEN A FESTIVAL... OLIVER HELDENS SET WAS A REAL CURTAIN RAISER

Well, that was fun! Oliver Heldens dropped in on the opening of CLSBC17 with an unannounced secret set at Coors Light Basecamp yesterday afternoon. The rain turned to snow, as eager Snowbombers gathered together to toast the start of the festival in style. After superb warm up duties from Sara Sukkah who had the honor of playing the very first tune of CLSBC17 (one to

tell the grandkids about, naturally) the stage was set for Oliver to knock it out the park. And that he did! As the ravers battled the sleet with moves fit for a dance-off and some warming themselves by the fire pits, the energy was incredible and if this is the benchmark for the next four days, then we're onto a winner folks! Big thanks to Oliver Heldens for doing his thing... **See him back at it tonight in the Crystal Cave from 00:30**

TERRACE CULTURE 
MOUNTAIN MADNESS

The Sundance Terrace sits right in the sweet spot on the mountain where the sun hits just right. Even in driving snow and sleet, the Terrace retains a unique magic which makes it an ideal venue to host some absolutely awesome DJs! Quite simply the place to be for Après Ski, the Sundance Terrace embodies all that is great and good about spring skiing. Getting drunk in the afternoon... Hurray! Mingling with like-minded partiers whilst dressed in silly ski gear.... Hurray! Forgetting your ski poles and stumbling about for hours trying to find them... Horr- oh wait maybe not that one. Either way, with CID, Seelo Mondo and our finest in-house CLSBC DJs setting the tone on the Terrace this afternoon, we're sure you'll be making it a daily pit-stop! There's simply nothing better than a boogie after a long day on the slopes, so kick off those ski boots and make yourself at home...

SBC SLATER
THIS IS HOW TO GET A PARTY GOING, PREPPY.

We're still getting our heads round the awesome set dropped by local Vancouverite heroes Bob Moses last night. Opening the Crystal Cave with a flourish, the recent Grammy award winning superstars showcased their swoon some House stylings which have won them so many fans across the globe. Although we love a big beat drop like the next raver, it's refreshing to hear dance music as considered and well-arranged as Bob Moses' sound, bringing with it a different type of dancefloor energy. Thanks to the Moses guys, we hope you loved it as much as we did... We have to shout out Stereohype and Lauren Lane for also keeping the party vibes in full flow!
